

Governor's Commission for a Drug Free Indiana

A Division of the

Comprehensive Community Plan

County: Putnam

LCC: P.I.E. Coalition

Date: August 2006

Contact: Dawn Wordsworth-Wade

Address: P.O. Box 603

City: Greencastle

Zip Code: 46135

Phone: 765-795-5405

Email: putnamcountypie@yahoo.com

County Commissioners:

attn: Auditor's Office

Address: Courthouse, 2st Floor

City: Greencastle

Zip Code: 46135

Plan Summary

Mission Statement: P.I.E., standing for Prevention, Intervention, and Education, is a cooperative county-wide effort to reduce the abuse and illegal uses of alcohol, tobacco and other drugs; to implement a comprehensive plan of prevention, intervention, education, treatment, and justice for all persons of the county; and to coordinate efforts to combat chemical dependency that exist in the county and to enhance their effectiveness

History: The Putnam County P.I.E Coalition Against Substance Abuse was formed in 1991. From the beginning, the Putnam County P.I.E. Coalition Against Substance Abuse has played a major role in the battle against alcohol, tobacco and other drugs (ATOD). Putnam County's 36,000 residents enjoy a unique geographic location. We are no more than 60 minutes from the metropolitan areas of Indianapolis, Terre Haute and Bloomington. We have U.S. 231 running north to south through the middle of the country; Interstate 70 crossing the Southern townships; U.S. Highway 40 and U.S 36 running east to west. While we are still largely an agricultural county, we also count on DePauw University, manufacturing plants and the Indianapolis, Terre Haute, Crawfordsville, and Lafayette areas for employment. Putnam County was recently added to the Indianapolis Metropolitan District after a recent study by the U.S. Department of Commerce found many of our residents commute to work or shop there. But law enforcement has shown these highways make Putnam County an ideal location for drug trafficking. To help law enforcement combat this outside influence, the P.I.E Coalition has annually funded a drug-sniffing dog, K-9 program, as well as portable breath-lizers.

Summary of the Comprehensive Community Plan:

The formal monitoring process is put into place during the application process. Before receiving funding from the P.I.E Coalition applicants must agree to submit receipts, provide a written or oral mid-year report to the Board of Directors (at the June meeting) and an end-of-year oral report at the P.I.E. Coalition Annual Meeting in November. During the 2005 calendar year only specified line items were funded due to high overhead costs. As of February 2006 a new coordinator has been hired resulting in lower administrative costs. Funding was then opened for a 6 month mini-grant cycle with grant amounts being awarded at \$1,000.00 maximum. During this time the P.I.E. Coalition received 16 grant applications and funded 10 grants within the community. The Coalition as made great strives to honor all state statutes during this new year. Members of P.I.E. are excited to complete a new 2007 Comprehensive Community Plan that will better represent Putnam County and its current issues.

Membership List

County LCC Name: P.I.E Coalition

Name	Organization	Race	Gender	Category
Darrell Thomas	County Council	C	M	Government
Renee Marsteller	Probation Department	C	F	Justice
Becky Brothers	South Putnam High School	C	F	Education
Dr. Jarry Travelstead	Dentist	C	M	Medical
Madeleine Lewchanin	Volunteer	C	F	Parent
Jamie France	Putnam County Corrections	C	M	Justice
Thomas Miller	County Coronet	C	M	Medical
Louise Reinecke	Volunteer	C	F	Citizen
Melanie Gibbs	Hamilton Center	C	F	Treatment
Emily Puffer	Cloverdale High School	C	F	Student
Katie Colvin	North Putnam High School	C	F	Student
Alison Colvin	DePauw University	C	F	Student
Kay Grove	North Putnam High School	C	F	Education
Elaine Pastore	CHANCES for Indiana Youth	C	F	Prevention
Lisa Bishop	Wrap Around Coordinator	C	F	Treatment
Thomas Sutherlin	Greencastle Police Department	C	M	Law Enforcement
Heath Pruitt	South Putnam High School	C	M	Student

Problem Identification

Problem Statement #1: Adult and youth substance abuse rates remain high in Putnam County.

Supportive Data:

- Putnam County Health Department reports that out of 262 deaths in 2002, 1 death was caused by narcotics, 2 by tobacco and 1 by alcohol, 1 from cirrhosis of the liver, 28 from lung cancer, and 3 from emphysema.
- Current data suggest prevention efforts are working in Indiana and that changes are occurring in public attitudes and policies about tobacco, as well. There are now 16 smoke-free restaurants in Putnam County. Youth tobacco rates have decreased, but Indiana remains above the national average.
- In 2002, 319 new clients went through through Putnam County Substance Abuse and Treatment Program. This compares to 466 in 2001 and 341 in 2000. Of those treated in 2002, 57 participated in an Intensive Outpatient Program, 74 participated in an outpatient program, 2 in inpatient and 178 in education classes that were held four times monthly for three hours each.

Year 1 Update: (2004)

- 2004 update was approved with 2003 supportive data.

Year 2 Update: (2005)

- Putnam County Health Department reports that out of 227 deaths in 2004, 3 deaths were caused by narcotics, 2 by tobacco and 3 by alcohol, and 25 from lung cancer.
- In 2004, 294 new clients went through the Putnam County Substance Abuse and Treatment Program. This compares to 241 in 2003, 319 in 2002, 466 in 2011, and 341 in 2000. Of those treated in 2004, 18 participated in an Intensive Outpatient Program, 22 participated in an outpatient program, 1 in inpatient, 195 in education classes that were held four times monthly for three hours each and 5 were referred to other programs.

Final Update: (2006)

- Putnam County Health Department reports out of 252 deaths in 2005, 6 were listed tobacco abuse or dependence and 1 alcoholic encephalopathy. There are so many causes of death that are tobacco related, but until doctors report it on the death certificates, the data is not very useful.
- Local high schools report the following disciplinary infractions from 2005: Alcohol, 2 ninth graders, Drugs, 1 eleventh grader and 1 twelfth grader, Tobacco, 2 ninth graders, 2 tenth graders, 1 eleventh grader, and 1 twelfth grader.
- Local high school reports 21 drug related disciplinary infractions and 8 tobacco disciplinary infractions.
- Hamilton Center of Putnam County has served 34 clients since September 2005. Of those 34 clients 32 were mandated by the courts and 2 were self-referred, 25 were considered low-income, 27 were currently incarcerated
- The Indiana Prevention Resource Center Survey of a local high school reported that 42% of high school seniors had used alcohol within the last month.
- The Indiana Prevention Resource Center Survey of a local high school reported prevalence rates that were higher than state rates. In particular, 9th and 11th grade students reported prevalence rates for alcohol use that were higher than the state rates.
- The Indiana Prevention Resource Center Survey of a local high school reported daily prevalence rates that were higher than state rates for cigarettes in the 10th grade and 1/2 + pack per day in the 10th grade.
- Cummins Behavioral Health Clinic reports that out of the 42 juveniles they serve 29 have a substance abuse history prior to program involvement.

Objectives:

- **Maintain and increase general public awareness of the causes and consequences of alcohol, tobacco, and other drug use and abuse through activities such as six (6) P.I.E. Breakfast, sponsorship of an advertisement in the local newspaper's Newspaper In Education (NIE), which distributes newspapers once a week to sponsored classrooms.**
- **Maintain and increase general public awareness of causes and consequences of alcohol, tobacco, and others drug use and abuse by participating in annual awrenss campaigns, such as but limited to, Red Ribbon Week, Orange Ribbon Week, National Alcohol and Drug Addiction Recovery Month, and the Putnam County 4H Fair.**
- **During state legislative sessions, gather information on the initiatives of the Governor's Commission for a Drug-Free Indiana, and support these and other ATOD bills**
- **Support and encourage development and implementation of parent and youth educational programs, conferences and retreats, such as the PRIDE International Conference, Youth to Youth, Youth Summit, and Point of Youth (POY).**
- **Recruit and sponsor Putnam County citizens for participation in the Governor's Commission events.**
- **Support the collection and purchase of educational materials for Putnam County to enhance ATOD awarenss.**
- **Support local high school chapters of S.A.D.D.**

Year 1 Update: (2004)

- **P.I.E. Breakfasts have included Prevention, Intervention, and Education.**
- **Red Ribbon Week expanded to include Bainbridge and Roachdale and the P.I.E. Coalition distributed information from a booth at the Putnam County 4H Fair.**
- **Coordinator maintains contact with state representatives and state senator.**
- **P.I.E. Coalition funds youth attending PRIDE Conference and the Youth to Youth Conference and received regular reports on POY activities from a board member.**
- **Attempts have had limited success.**
- **Coordinator orders materials from SAMHSA and National Clearinghouse and distributed them to Johnson Nichols Health Clinic, Putnam County Family Support Services, Counselors at the four school corporations, the Putnam County 4H Fair and to anyone needing information.**
- **A P.I.E. Grant funded the start up of a new S.A.D.D. Chapter at North Putnam High School and at the 2003 annual meeting, North Putnam reported over 100 students were participating.**

Year 2 Update: (2005)

- **The P.I.E Coalition held six P.I.E Breakfasts in 2004, including a youth legislative breakfast where 40 students from the four Putnam County Schools met and questioned our state representative, state senator, and the newly elected circuit court judge. The NIE program appears to be too expensive at this time, as our local newspapers will not provide free space.**
- **In 2004, the P.I.E Coalition expanded Red Ribbon Week to include Russellville, Bainbridge, and Roachdale.**

Final Update: (2006)

- **The P.I.E Coalition held six P.I.E Breakfasts in 2005**
- **The P.I.E. Coalition participated in a local high school health fair where ATOD information was distributed.**
- **The Coalition partnered with four local high school "Parent Nights"**
- **Funding was provided by the Coalition for 30 high school students and 30 junior high school students to attend the annual "Youth to Youth" conference.**
- **Funding was provided by the Coalition for 6 students to attend the annual PRIDE conference.**
- **During the annual meeting in 2005 winners of the county fourth and fifth grade essay contest were awarded. 34 essays on the negative impact of drug use/abuse were written by area 4th and 5th graders. The two winning posters along with an article on the event were published in the local newspaper.**
- **Through a fundraiser the coalition purchased a large quantity of red ribbon magnets that are sold for a small fee that advertises the P.I.E. Coalition and contact information.**

Goals:

- **Attendance in 2003 at the six (6) P.I.E. Breakfast will increase by 5 percent.**
- **Number of classes available for parenting, which have an ATOD component, will increase by 5 percent. In 2002, four six-week parenting classes were provided and attendance ranged from 6-11 people.**
- **The number of students attending any Governor's Commission sponsored youth event, including but not limited to, the Youth Summit, will increase by 5 percent.**
- **The number of Putnam County residents attending the Governor's Commission sponsored events will increase by 5 percent for 2003. In 2002, three residents attended one or more sessions of the fall conference.**
- **A new S.A.D.D. chapter will be established.**

Year 1 Annual Benchmarks: (2004)

- Attendance at P.I.E Breakfast increased by 47 percent.
- In 2003, there were five six-week parenting classes with an ATOD component; that is an increase of six classes or 25 percent more than 2002.
- Information not available at this time regarding youth at Governor's Commission sponsored events.
- Two Putnam County residents attended the 2003 and 2004 Many voices on Vision Conference in Indianapolis in August.
- North Putnam High School established a new SADD Chapter with funding from a P.I.E. Coalition mini-grant. During the 2003 P.I.E. annual meeting, North Putnam reported a membership over 100 students.

Year 2 Annual Benchmarks: (2005)

- Attendance has been consistent with 2003 attendance. Forty students from the four county schools attended and participated in the " Youth Legislative Breakfast" that P.I.E. Co-Sponsored with the Youth Development Commission in December 2004.
- In 2004, there were five six-week parenting classes with an ATOD component.
- Information not available at this time regarding youth at Governor's Commission sponsored events.
- Two Putnam County residents attended the 2003 and 2004 Many voices on Vision Conference in Indianapolis in August.
- North Putnam High School established a new SADD Chapter with funding from a P.I.E. Coalition mini-grant. During the 2003 P.I.E. annual meeting, North Putnam reported a membership over 100 students.

Final Report: (2006)

- During the 3 P.I.E. Breakfast held so far in 2006, we have seen our numbers increase. Two of the last three have had an attendance of over 50 students and adults.
- During the 2006 mini-grant cycle, P.I.E. awarded Cummins Behavioral Health a grant that would allow the parenting classes to continue. There will be a specific component devoted to substance abuse education and the health and legal consequences of drugs and alcohol. These classes serve approximately thirty juveniles.
- The positive 75-100 student participation rate for "Youth Summit" and all other Governor's Commission events remains the same due to school corporation budgets.
- All four school corporation continue to have active SADD chapters.
- Currently through the Putnam County Wrap Around Program, based out of Cummins Behavioral Health, there are four coordinators, two located directly in the schools that are assisting families and children with specific needs. ATOD issues are addressed on a frequent basis.

Problem Statement #2: Putnam County residents have limited knowledge/awareness of the treatment process or treatment alternatives for substance abuse.

Supportive Data:

- Community Connections referral line receives eight calls each month. There have been no requests for information about AA, Al-Non or NA.
- A 1999 needs assessment, completed for the Putnam County Foundation by the Putnam County Youth Development Commission, found respondents felt services were lacking for treatment. There are no inpatient treatment facilities in Putnam County. Clients asking for or needing inpatient treatment are referred to out-of-county hospitals or clinics.

Year 1 Update: (2004)

- 2004 update was approved with 2003 supportive data.

Year 2 Update: (2005)

- 2005 update was approved with 2003 supportive data.

Final Update: (2006)

- Community Connections referral line no longer exists.
- There continues to be no resource within the county for inpatient treatment.

Objectives:

- Support smoking cessation program at Johnson Nichols Health clinic and Putnam County Hospital.
- Support the Putnam County Step Ahead/First Steps Council's efforts to include self-help group meetings in the Community Resource Directory.
- Participate in and support National Alcohol and Drug Addiction Recovery Month in September.
- Submit articles to the newspaper about agencies and organizations that provide treatment in Putnam County.
- Support the Putnam County Step Ahead/First Steps Council's Community Connections telephone referral service.
- Ask the Step Ahead/First Steps Council to provide a list of agencies and organizations that receive the Community Resource Directory.
- Continue hosting P.I.E Breakfast or lunches and invite speakers and guests to discuss treatment options and issues in our county.
- Encourage the Putnam County Substance Abuse and Treatment Program to keep statistics.
- Fund the Putnam County Mental Health Association "Project Uplift" and "Project Help Yourself".

Year 1 Update: (2004)

- Coordinator meets monthly with Johnson Nichols Health Clinic staff and representaives from Putnam County Hospital.
- Self-group contact telephone numbers were included in the 2003-04 Community Resource Directory.

Year 2 Update: (2005)

- Coordinator meets monthly with Johnson Nichols Health Clinic staff and representaives from Putnam County Hospital.
- Self-group contact telephone numbers were included in the 2004-05 Community Resource Directory.
- No information received about this in 2003. Was not contacted about this 2004 until well into September. Future information on special months should be made available a month in advance.
- No Action
- Funded printing and distribution of Resource Directories.
- List shows Directory was distributed to every office and agency in Putnam County and in some surrounding counties.
- There were two speakers on treatment at P.I.E. breakfast: Tammy Hunter from Johnson Nichols Health Clinic and Melanie Gibbs from Hamilton Center.
- Coordinator and Police Chief met to discuss the issue. The Coordinator encouraged the Putnam County substance Abuse and Treatment Program Director to apply for a P.I.E. grant to purchase computer software to keep statistics.
- Funded MHAPC programs in 2002, 2003, and 2004.

Final Update: (2006)

- Coordinator attends the Putnam County Tobacco Prevention and Cessation coalition meetings.
- Both the local schools and the probation office continue to utilize the Community Resource Directory in referring community members to the appropriate agencies.
- The P.I.E. Coalition along with the county prosecutor, sheriff's department, and mental health agencies are planning a county forum that will coincide with National Recovery Month.
- As of January 2006 the Step Ahead Council has folded. The Putnam County Resource Council has now assumed most of the responsibilities of Step Ahead.
- Both the local Hamilton Center and a local dentist were guest speakers during one of the six P.I.E. Breakfast.
- Department of Corrections clients are aware of treatment options within Putnam County and surrounding counties.
- Community Corrections continues to utilize the trailer purchased by the P.I.E. Coalition that advertises the P.I.E. contact information.

Goals:

- **Articles submitted and published in the newspaper will include telephone numbers and addresses of agencies and organizations that provide treatment services.**
- **Treatment options will be discussed during two P.I.E Breakfast/Lunches or other public meetings.**
- **P.I.E will support National Alcohol and Drug Addiction Recovery Month.**
- **P.I.E will fund an updated edition of the Community Resource Directory from the Putnam County Step Ahead/First Steps Council. It will continue to include referral numbers for agencies addressing ATOD issues.**
- **At least 50 percent of the agencies that receive the Community Resource Directory from the Step Ahead/First Steps Council will be able to provide correction information on substance abuse referrals.**

Year 1 Annual Benchmarks: (2004)

- Tammy Hunter from Johnson Nichols Health Clinic in Greencastle addressed the P.I.E. Breakfast on September 16, 2003 and Melanie Gibbs, an addictions counselor at Hamilton Center, spoke at the P.I.E. breakfast on May 13, 2003.
- This office received no info about when or activities associated with National Alcohol and Drug addiction Recovery Month. Every month stands for 2 or 3 different events and they are hurting each other.
- P.I.E. Coalition funded printing 13,000 resource directories that were distributed to students and their families in all four Putnam County school corporations, plus 18 different agencies that deal with at-risk families in and around Putnam County. Plus, every government office received a resource directory.
- All 26-member agencies of the Step Ahead/First Steps Council received and further distributed the Community Resource Directory. New information on substance abuse treatment was included in the directory.

Year 2 Annual Benchmarks: (2005)

- Tammy Hunter from Johnson Nichols Health Clinic in Greencastle addressed the P.I.E. Breakfast on September 16, 2003 and Melanie Gibbs, an addictions counselor at Hamilton Center, spoke at the P.I.E. breakfast on May 13, 2003.
- This office received no info about when or activities associated with National Alcohol and Drug addiction Recovery Month. Every month stands for 2 or 3 different events and they are hurting each other.
- P.I.E. Coalition funded printing 13,000 resource directories that were distributed to students and their families in all four Putnam County school corporations, plus 24 different agencies that deal with at-risk families in and around Putnam County. Plus, every physician's office and government office received a resource directory.
- All 26-member agencies of the Step Ahead/First Steps Council received and further distributed the Community Resource Directory. New information on substance abuse treatment was included in the directory.

Final Report: (2006)

- Both the local Hamilton Center and a local dentist were guest speakers during one of the six P.I.E. Breakfast.

Problem Statement #3: Recidivism rates are not being tracked in Putnam County

Supportive Data:

- The main community mental health center could not provide statistics, when asked.
- Recidivism rates are not being tracked through the court system.

Year 1 Update: (2004)

- 2004 update was approved with 2003 supportive data.

Year 2 Update: (2005)

- 2005 update was approved with 2003 supportive data.

Final Update: (2006)

- The Juvenile probation manually tracks their clients recidivism rates
- One local high school tracks students recidivism rates through their first , second, third offense drug testing.

Objectives:

- Support a record-keeping system in Putnam County Courts that will track ATOD repeat offenders.
- Encourage the ATOD service providers to keep anonymous statistics on repeat clients.

Year 1 Update: (2004)

- The Coordinator encouraged the Putnam County Substance Abuse and Treatment Program Director to apply for a P.I.E. Grant to purchase computer software to keep statistics.
- No action.

Year 2 Update: (2005)

- The Coordinator encouraged the Putnam County Substance Abuse and Treatment Program Director to apply for a P.I.E. Grant to purchase computer software to keep statistics.
- No action.

Final Update: (2006)

- No action.
- No action.
-

Goals:

- P.I.E will sponsor a forum or convene a meeting of judges, prosecutors, law enforcement officials, substance abuse treatment programs, and

the county clerk for the purpose of establishing a uniform method to track ATOD recidivism.

Year 1 Annual Benchmarks: (2004)

- **The Putnam County P.I.E. Coalition participated in a Recidivism Conference with representatives from the courts, prosecutor, law enforcement, and treatment centers on August 4, 2004.**

Year 2 Annual Benchmarks: (2005)

- **The Putnam County P.I.E. Coalition participated in a Recidivism Conference with representatives from the courts, prosecutor, law enforcement, and treatment centers on August 4, 2004. The courts and law enforcement in Putnam County continue to meet and discuss this issue, but because it is now a law enforcement issue, P.I.E. is not included in those meetings.**

Final Report: (2006)

- **The coalition has come to the realization that yes, recidivism rates need to be tracked, but there are far too many variables concerning the collection of this data. As the P.I.E. Coalition this is a problem statement that too large to address at the present time.**
-

Problem Statement #4: Putnam County Residents have limited access to viable treatment for alcohol and drug use.

Supportive Data:

- Indiana Department of Mental Health and Addictions has cut funds for the Hoosier Assurance Plan. This limits the availability of services for those without health care insurance.
- The cost of substance abuse treatment is beyond the financial means for many Putnam County residents. Many HMO's are restrictive when providing benefits for treating substance abuse.
- There are no inpatient services for substance abuse treatment in Putnam County. There are no inpatient services for mental health treatment in Putnam County.

Year 1 Update: (2004)

- 2004 update was approved with 2003 supportive data.

Year 2 Update: (2005)

- 2005 update was approved with 2003 supportive data.

Final Update: (2006)

- Hamilton Center of Putnam County has served 34 clients since September 2005. Of those 34 clients 32 were mandated by the courts and 2 were self-referred, 25 were considered low-income, 27 were currently incarcerated

Objectives:

- Plan and initiate a series of community forums inviting members of the business community, city and county government, schools officials, faith based community, medical and treatment providers. Suggest possible solutions and communicate with respective legislative representatives and address non-existent and limited access to treatment and therapy for the citizens.
- Plan and initiate a series of community forums. Assemble a panel of informed civic leaders and invite the community to voice issues, concerns, and possible solutions and alternatives to the problems they face in gaining services.
- Investigate proactive solutions to problems experienced by children, adolescents, adults, and families entering the criminal justice system as a result of a lack of appropriate access to treatment prior to offending and entering the judicial system, and once ensconced in the judicial system. The Division of Family and Children and Putnam County Wraparound Services should be included.

Year 1 Update: (2004)

- 2004 update was approved with 2003 supportive data.

Year 2 Update: (2005)

- The P.I.E. Coalition partnering with Putnam County Sheriff Department and Prosecutor in community forums, distributing information and attempting to recruit community members. Coordinator has worked with State Representative Andrew Thomas and Senator Connie Lawson on ATOD issues.
- The P.I.E. Coalition is partnering with the Putnam County sheriff Department, Prosecutor, and Excise Officer in community forums.
- No action

Final Update: (2006)

- Through a federal grant Community Corrections has been able to co-pay treatment for clients. The client must complete treatment successfully to be eligible for financial assistance. If the client fails they are responsible for paying the money back.
- The P.I.E. Coalition along with the county prosecutor, sheriff's department, and mental health agencies are planning a county forum that will coincide with National Recovery Month.

Goals:

- Putnam County residents will be more knowledgeable about their options.
- Putnam County residents will have a forum in which to voice treatment concerns.

Year 1 Annual Benchmarks: (2004)

- A record number 13,000 Community Resource Directories have been distributed to the 36,000 citizens in Putnam County. This Directory was expanded to include Alcoholics Anonymous meeting places, dates, times, and telephone numbers.

Year 2 Annual Benchmarks: (2005)

- A record number 13,000 Community Resource Directories have been distributed to the 36,000 citizens in Putnam County. This Directory was expanded to include Alcoholics Anonymous meeting places, dates, times, and telephone numbers.

Final Report: (2006)

- The P.I.E. Coalition along with the county prosecutor, sheriff's department, and mental health agencies are planning a county forum that will coincide with National Recovery Month.
- Both the local schools and the probation office continue to utilize the Community Resource Directory in referring community members to the appropriate agencies.

Problem Statement #5: Putnam County has a high rate of traffic arrests involving impaired drivers.

Supportive Data:

- Law Enforcement officers have limited resources for continuing training/education to handle alcohol and drug related investigation in Putnam County.
- Most law enforcement officers do not have up-to-date equipment and technology to assist alcohol and drug related investigations in Putnam County.

Year 1 Annual Benchmarks: (2004)

- 2004 update was approved with 2003 supportive data.
-

Year 2 Annual Benchmarks: (2005)

- 2005 update was approved with 2003 supportive data.
-

Final Report: (2006)

- Law enforcement officers employed at the Sheriff's department have the opportunity to attend in state and out of state training only when funds are available. Due to the limited amount of officers it is difficult to send officer away for training as this results in loss of manpower.
- During 2005 Putnam County had 228 charges of operating a vehicle while intoxicated.
- Due to the active use of the K9 drug dog the Sheriff's department has seized over \$400,000.00 in US currency. With this large dollar amount the agency has purchased a new patrol car and organized a county-wide S.W.A.T. Team that consist of 14 officers. The money has been able to equip each officer with all new equipment the will enable them to deal with a high risk situation.
- The drug dog assisted in a traffic stop in January of 2005 that resulted in the seizure of 2 lbs and 12 ounces of pure crystal meth (ICE) that was imported from Mexico. The DEA was involved with the case and the two arrested individuals cooperated with the investigation. The deputy and the K9 dog started the process that ended with multiple pounds of Meth being seized, US currency, and arrests in Clay, Putnam, and Vigo counties of Indiana and several arrests in Kentucky. All parties involved were charged federally with drug conspiracy charges. These efforts put almost a halt to the drug trade around and in Putnam County for some time.

Objectives:

- Through the grant process, provide for training of law enforcement and justice personnel on alcohol and other drug issues and

- enforcement techniques, field sobriety techniques, and roadside interrogation.
- Through the grant process, provide for the use of technology by law enforcement when investigating suspended impaired drivers.

Year 1 Update: (2004)

- Law Enforcement has not applied for training funds, only technology.
- The P.I.E Coalition provided \$1,215.00 to the Greencastle Police Department to purchase new Portable Breath Test Equipment in 2004;\$1,1125 for digital Camera/Photo Evidence Documentation in 2003.

Year 2 Update: (2005)

- Law Enforcement has not applied for training funds, only technology.
- The P.I.E Coalition provided \$1,215.00 to the Greencastle Police Department to purchase new Portable Breath Test Equipment in 2004;\$1,1125 for digital Camera/Photo Evidence Documentation in 2003.

Final Update: (2006)

- During the 2005 annual meeting, P.I.E. awarded two law enforcement officers for outstanding service in drunk driving arrests and drug arrests.
- A 2006 mini-grant was awarded to the Greencastle Police Department for the purchase digital cameras.
-

Goals:

- P.I.E will monetarily support technology and training of Putnam County law enforcement.
- P.I.E will annually support a K-9, drug-dog program in Putnam County.

Year 1 Annual Benchmarks: (2004)

- The P.I.E. Coalition provided \$1,215.00 to the Greencastle Police Department to purchase new Portable Breath Test Equipment in 2004;\$1,1125 for digital Camera/Photo Evidence Documentation in 2003.
- The P.I.E. Coalition funded the Cloverdale Police Department \$1,500 for a drug dog in 2003. No law enforcement agency applied for a K-9 funding in 2004.

Year 2 Annual Benchmarks: (2005)

- The P.I.E. Coalition provided \$1,215.00 to the Greencastle Police Department to purchase new Portable Breath Test Equipment in 2004;\$1,1125 for digital Camera/Photo Evidence Documentation in 2003.
- The P.I.E. Coalition funded the Cloverdale Police Department \$1,500 for a drug dog in 2003. No law enforcement agency applied for a K-9 funding in 2004.

Final Report: (2006)

- The Coalition contributed funding in 2005 for a Drug Dog for the Putnam County Sheriff's Department.
- A 2006 mini-grant was awarded to the Greencastle High school in the amount of \$1,000 for the purchase of two Portable Breath Testers.
- A 2006 mini-grant was awarded to the Greencastle Police Department for the purchase digital cameras.
- A 2006 mini-grant was awarded to the Putnam County Community Corrections Office in the amount of \$920.00 for the purchase of two Portable Breath Testers.
- A 2006 mini-grant was awarded to the Putnam County Adult Probation Office for the purchase of two Portable Breath Testers.

Problem Statement #6: Putnam County has too many adult and juvenile crimes involving tobacco, alcohol, and other drugs.

Supportive Data:

- According to news coverage and arrest records, alcohol and drugs continue to play a significant role in crimes in Putnam County.
- According to the Student Affairs Office at DePauw University, drugs and alcohol continue to play a significant role in crimes on campus.

Year 1 Update: (2004)

- 2004 update was approved with 2003 supportive data.

Year 2 Update: (2005)

- 2005 update was approved with 2003 supportive data.

Final Update: (2006)

- Putnam County Juvenile Probation office reports that for 2005 17 youth were reported with illegal consumption by a minor, 2 with possession of marijuana, 2 with possession of paraphernalia, 2 with operating a vehicle while intoxicated, 5 with dealing in a controlled substance, 2 minors in a tavern, 3 with public intoxication, and 11 with possession of alcohol.
- Cummins Behavioral Health Clinic reports that out of the 42 juveniles on probation 29 have a substance abuse history prior to program involvement.
- The county prosecutor's office reports that in 2005 there were 593 alcohol related cases and 373 drug related cases.
- Putnam County law enforcement reports that in 2005 there were 307 charges relating to drugs, 228 charges relating to operating a vehicle while intoxicated, 2 charges of minor consumption, and 19 charges of public intoxication.

Objectives:

- Continue to encourage the education institutions to expand and support anti-drug, tobacco, and alcohol programs and participate on the P.I.E Board.
- Support positive law enforcement/juvenile interaction through school programs such as "Spring Fatal Vision Goggles Demonstrations," and the POPS program.

Year 1 Update: (2004)

- **Student representatives have been added to the P.I.E. Board from all four Putnam County School Corporations. All corporations are participating in Red Ribbon Week and the P.I.E. Coalition is supporting the Tobacco Coaliton in efforts to make all school campuses tobacco free.**
- **No Action**

Year 2 Update: (2005)

- **Student repretatives have been added to the P.I.E. Board from all four Putnam County School Corporations. All corporations are participating in Red Ribbon Week and the P.I.E. Coalition is supporting the Tobacco Coaliton in efforts to make all school campuses tobacco free.**
- **No Action**

Final Update: (2006)

- **There are currently three student representatives from three of the four local high schools.**
- **All four school corporations have an ATOD prevention group within the school.**
- **All corporations participate in Red Ribbon Week.**
- **During the 2005 annual meeting, P.I.E. awarded two law enforcement officers for outstanding service in drunk driving arrests and drug arrests.**

Goals:

- **The number of law enforcement officers interacting with youth will increase by 10 percent.**
- **Training opportunities for Putnam County law enforcement officers will increase by 10 percent.**

Year 1 Annual Benchmarks: (2004)

- No Action
- Law enforcement has not applied for funds for training. However, law enforcement agencies have said in newspaper stories about alcohol and drug arrests that special training led to the police action.

Year 2 Annual Benchmarks: (2005)

- No Action
- Law enforcement has not applied for funds for training. However, law enforcement agencies have said in newspaper stories about alcohol and drug arrests that special training led to the police action.

Final Report: (2006)

- No Action
-

Grant Process

P.I.E. mini-grants are made for a 6 month term beginning July 1, 2006 and ending December 31, 2006. Grants can be awarded for any amount up to \$1,000. Grants for larger amounts will be considered where documentation proves a need. An interim review (in June 2006), year end report and presentation at the P.I.E. Annual Meeting (November 2006) are required of each grant recipient. Also, proper receipts must accompany all draw downs. Failure to meet these requirements may disqualify the organization from future grants.
